^ - Environmental Science MB is very time consuming and will require scouts to spend time in an observation area and complete other work during personal time. Scouts are encouraged to familiarize themselves with all requirements and complete as many requirements as possible to complete this badge in camp.

*At the recommendation of the KTC Advancement Committee, this badge will be a partial with the Scoutmaster/Troop Advancement Chair confirming that the 90 day exercise and training requirements are met.

@Scouts are expected to bring a note from their Scoutmaster indicating they have completed some precamp work – Cit Community requires a note that 8 hours community service has been completed. Camping requires Scoutmaster's note that requirement 9a, b, and c has been completed. Failure to provide this will result in a partial on these badges.

&Clubs can be rented for a nominal fee
